3. Background and Experience

Please briefly present your organisation (e.g. its type, size, scope of work, areas of specific expertise, specific social context and, if relevant, the quality system used)

Learnmera Oy is a private adult education provider and translation company, founded in 2011 focused mainly on corporate clients in the greater Helsinki area providing private executive business language lessons. Courses are offered in the major Nordic and European languages, but also beginner’s courses in Finnish and Swedish for foreigners.

Learnmera Oy has considerable in-house experience in educational resource, website creation and mobile application content building.

Their website The Language Menu - tools for teachers has a member base of around 35,000 teachers worldwide. It is this technical and creative expertise that Learnmera can bring to a project.

Learnmera has also been the coordinator for a national e-learning project and a national m-learning project contracted by The Swedish Cultural foundation in Finland project [Vårdsvenska](#) – Swedish for health care personnel and project [Swedish in Finland](#).

Teaching material made by Learnmera can be found (free of charge) in different languages on Scribd.com, TeachersPayTeachers, SlideShare and many other platforms on the internet.

The organisation has 10 contracted staff as well as freelance teachers and volunteers.

What are the activities and experience of your organisation in the areas relevant for this project? What are the skills and/or expertise of key persons involved in this project?

As Learnmera Oy is a private adult education provider in the greater Helsinki area providing business language lessons their area of expertise is language and integration as well as ICT.

The nature of the work means that they teach many migrants and therefore help them with their needs outside the classroom and integration into the community.

Learnmera Oy has considerable experience in educational resource, website, and mobile app content creation. In addition to language training, Learnmera offers translations, proofreading, video creation, editing, voice-overs and subtitling.

Learnmera also develops websites, web portals, web apps and phone applications for both Android and iOS.

Learnmera has extensive experience leading dissemination/valorisation and working with social media for EU project dissemination. The Learnmera staff has worked on over 50 EU and domestic projects. They have worked on several projects involving integration, language learning for immigrants, STEM education, recycling, digitalisation, job- and soft skills, ICT, empowering women, health care, AR and VR

Learnmera has been involved in different types of EU projects, TOI, Justice, SCH, ADU, HEI and NordPlus projects since 2008, both as partner and coordinator.
